

Customer Journey Map

Date	04 July 2026
Team ID	
Project Name	A Comprehensive Measure of Well-Being
Maximum Marks	2 Marks

Customer Journey Map

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	- Collect socio-economic data. - Upload Dataset - Verify data quality.	- Run the ML model. - Predict HDI - View graphs and results.	- Analyse predictions. - Compare results. - Make policy decisions.
Touchpoint <i>What part of the service do they interact with?</i>	- Dataset - Web Application - Input form	- Prediction page - Charts & graphs - ML Model	- Reports - Dashboard - Prediction output
Customer Thought <i>What is the customer thinking?</i>	- Is the data accurate? - Is all required information available.	- Will the prediction be reliable? - Which factors affect HDI the most?	- How can these results improve Well-being? - What action should I take?
Customer Feeling <i>What is the customer feeling?</i>	- Curious - Hopeful	- Interested - Confident	- Satisfied - Confident in making better decisions.

Process Ownership <i>Who is in the lead on this?</i>	• Data Analyst • Data Collection Team	• Machine Learning • AI model Developer	• Government Policy maker • Decision Maker
Opportunity <i>How can we improve this stage?</i>	• Collect high-quality data • Validate and clean the dataset • Update data regularly	• Improve model accuracy. • Optimize the Prediction. • Provide clear visualizations	• Generate detailed reports. • Support faster policy decisions • Monitor HDI trends continuously.
